

12/18/95

NIBRS

FLATFILE YEARLY MASTER

RECORD DESCRIPTIONS

12/18/95

P U R P O S E

Overview

This documentation contains field locations and detailed descriptions of each data field for the different record segments on the National Incident-Based Reporting System (NIBRS) master file. In addition, an overview of how the file data are organized is provided. This should provide an understanding of the data so that it can be processed correctly. Both fixed-length and variable-length formatted field locations are enclosed and should be applied to whichever format is requested.

Standard Data Request Options

Options are provided that can limit the amount of data received. For example, instead of receiving the entire NIBRS master file, perhaps all that is needed is the data from, say, a particular state. Various other data filters are available to further refine the data selection process on any subsequent data requests.

Custom Data Requests

Requests for master file records not falling within the available data filter options specified in this document will be assessed an additional processing fee to complete the request. An estimated completion date will also be provided based upon work priorities, availability of personnel, etc. The FBI UCR will provide total costs based upon the specific request before work is begun.

TABLE OF CONTENTS

<u>SECTION</u>	<u>PAGE</u>
1. Magnetic Media Options	1
This section explains the various types of available magnetic media.	
2. Available Data Filter Options By:	
This section explains the options for reducing the number of records to only those interested in.

Level W6 -- Window Arrestee	
K. Level 7 --- Group "B" Arrestee Report	97

1. MAGNETIC MEDIA OPTIONS

The following tape and cartridge file attributes are available on data requests from the FBI. Default values (shown by underscore) are used when not specifically mentioned in the request. The default values are the most efficient way for the FBI to create the output tapes. When maximum block sizes are used, the number of output tapes/cartridges created will be the fewest, thereby reducing the overall cost of the request.

- 1) **UNIT=3480** : will write to cartridges.
UNIT=TAPE62 : will write to round reel tapes.

- 2) **LABEL=SL** : IBM Standard Labels are written. Must be SL for UNIT=3480. If your computer system cannot process SL tapes, then use Bypass Label Processing (BLP) on the Job Control Language (JCL).
LABEL=NL : Non-Labeled. Only request NL if your computer system cannot read or bypass Standard Labels (SL).

- 3) **BLKSIZE=max** : Maximum block sizes are used to write as many records as possible on the tape. Reduced block sizes will possibly increase the number of output tapes created.

Variable-Blocked (VB) = 32,760
Fixed-Block (FB) = 32,736

Note - must be a multiple of 132 for FB

2. DATA FILTER OPTIONS

Details of each option are provided that can limit the amount of data written to tape. Date Ranges of one day to a calendar year may be requested in combination with any of the following options: Number of months reported; "record set" limiter (e.g., restrict to Group "A" having multiple offenses); limit Group "A" offense code groups to 10 offense groups; limit Group "B" Arrest Report offenses to 3 offenses; limit states to 5 selections; and limit population groups to 5 selections.

As described above, the entire master file or a subset of the master can be requested based upon combinations of data filters set forth below. To be written to tape, each record set must satisfy all requested filter option(s).

A. DATE RANGE

The request can be for a single day, a range of days, or an entire calendar year.

Group "A" Incident Reports that have an incident date prior to the DATE RANGE requested (but not earlier than January 1 of the previous year) that has any "date" data element value in the DATE RANGE will be included depending on the FILTER OPTION requested. This will provide for tabulations such as how many arrests occurred in the DATE RANGE and what were the offenses associated with the incidents.

In all instances, any arrests, recovered property, or exceptional clearances occurring in the next year for incident dates retrieved by date range will be included.

Based on FILTER OPTIONS below, Group "A" Incident Reports will be selected by (1) incident date or (2) any "date" data element that has a date that falls within the date range.

B. NUMBER OF MONTHS

If not requested, all agency data are considered regardless of the number of months the agency reported data to the FBI. Should the request only want data from agencies that actually reported a certain number of months or greater (to include zero-reporting), then request that number of months.

C. RECORD SET LIMITERS

The following DATA FILTERS include only the specified "record set" and all other data are excluded:

MASTER FILE

A = INCLUDE all "record sets" in the master file whose "date" data element field shown below is within the date range.

For Group "A" Incident Reports, only those whose "incident date" is within the date range are included. Even though the incident might have "activity" in the date range, e.g., an arrest, if the incident occurred before the date range, it is excluded.

Included are:

<u>Record Set</u>	<u>Data Element Date</u>
1. Group "A" Incident Report	Incident
2. Group "B" Arrest Report	Arrest
3. Window Exceptional Clearance	Except. Clearance
4. Window Recovered Property	Recovered Property
5. Window Arrest	Arrest

B = INCLUDE all "record sets" in the master file that have any "date" activity within the date range.

Group "A" Incident Reports whose incident date occurred on or after January 1 of the previous year and before the date range but having "activity" within the date range A R E also included.

GROUP "B" ARREST REPORTS

C = INCLUDE only Group "B" Arrest Reports whose arrest date is within the date range.

ARREST / EXCEPTIONAL CLEARANCES

- D =** INCLUDE only Group "A" Incident Reports having arrests whose "arrest date" is within the date range.

Group "A" Incident Reports whose incident date occurred on or after January 1 of the previous year and before the date range but having an "arrest" within the date range A R E included.

- E =** INCLUDE only "record sets" having arrests whose "arrest date" is within the date range. This covers Group "A" Incident Reports, Group "B" Arrest Reports, and Window arrests.

Group "A" Incident Reports whose incident date occurred on or after January 1 of the previous year and before the date range but having an "arrest" within the date range A R E included.

- F =** INCLUDE only "record sets" having any clearance whose clearance date is within the date range. This encompasses Group "A" Incident Reports that have arrests or are exceptionally cleared, Group "B" Arrest Reports, Window exceptional clearances, and Window arrests.

Group "A" Incident Reports whose incident date occurred on or after January 1 of the previous year and before the date range A R E included if they were cleared.

- G =** INCLUDE only Group "A" Incident Reports that do NOT have "arrest dates" within the date range but whose incident dates are within the date range. This in effect EXCLUDES all Group "A" Incident Reports having an "arrest date" within the date range.

RECOVERED PROPERTY

H = INCLUDE all "record sets" having recovered property whose "recovered property date" is within the date range. This covers Group "A" Incident Reports and Window recovered property.

Group "A" Incident Reports whose incident date occurred on or after January 1 of the previous year and before the date range but having "recovered property" within the date range A R E included.

MULTIPLE SEGMENTS

I = INCLUDE only "record sets" that have multiple offenses.

Group "A" Incident Reports whose incident date occurred on or after January 1 of the previous year and before the date range but having "activity" within the date range are N O T included.

Included are:

<u>Record Set</u>	<u>Data Element Date</u>
1. Group "A" Incident Report	Incident
2. Window Exceptional Clearance	Except. Clearance
3. Window Recovered Property	Recovered Property
4. Window Arrest	Arrest

J = INCLUDE only Group "A" Incident Reports having multiple offenses where the "incident date" is within the date range.

K = INCLUDE only Group "A" Incident Reports having multiple victims where the "incident date" is within the date range.

L = INCLUDE only Group "A" Incident Reports having multiple offenders where the "incident date" is within the date range.

12/18/95

- M = INCLUDE only Group "A" Incident Reports having multiple arrestees where the "incident date" is within the date range.
- N = INCLUDE only Group "A" Incident Reports having multiple offenses, victims, offenders, or arrestees where the "incident date" is within the date range. Any incident containing a "multiple" will be included.

MISCELLANEOUS

- P = INCLUDE only the "Batch Header" records. Information about each ORI is provided such as agency population, FIPS county code in which the agency resides, etc.

D. OFFENSE SELECTION**GROUP "A" INCIDENT REPORTS AND WINDOW RECORD SETS**

The record selection can be limited to (1) up to 10 specific offense groups with all UCR offenses included within the group, (2) up to 5 specific UCR Offenses, (3) combinations of offense groups and specific offenses, or all groups if not requested. Each 1-character group code below will retrieve the applicable Group "A" Incident Report or Window Record Set when at least one of the offense segments for the Group "A" Incident Report or one of the window offenses contains the selected UCR offense code(s).

When requesting group codes containing multiple offenses or groups containing one offense, use the 1-character Group Code value in your request. Use the 3-character UCR offense code when requesting specific offenses within a group. In such cases, each specific UCR offense code reduces the 10 maximum offense group selections by 2. In other words, a maximum of five specific UCR offense codes are allowed if group codes are not used. Each 1-character group code reduces the maximum by 1, and each specific UCR offense code reduces it by 2.

<u>Group Code</u>	<u>Offense Group Description</u>	<u>UCR</u>
Blank	All offenses	
A	PROPERTY- <u>Arson</u>	200
B	PERSONS -ASSAULT OFFENSES	
	- <u>Aggravated Assault</u>	13A

U	PROPERTY- <u>Stolen Property Offenses</u>	280
V	SOCIETY - <u>Weapon Law Violations</u>	520

12/18/95

These codes will include all the "like" UCR offenses in the related group codes.

<u>Group Code</u>	<u>Offense Group Description</u>
W	ALL VIOLENT CRIMES (B, L, M, R, S) Note - "L" does not include Justifiable Homicide in the "W" category, but does when "W" is not selected separately and "L" is.
X	ALL CRIMES AGAINST PERSONS (B, L, M, S, T)
Y	ALL CRIMES AGAINST PROPERTY (A, C, D, E, F, H, I, J, N, O, R, U)
Z	ALL CRIMES AGAINST SOCIETY (G, K, P, Q, V)

E. OFFENSE SELECTION**GROUP "B" ARREST REPORTS**

The record selection can be limited to 3 specific offenses or all offenses if not requested.

<u>UCR Offense</u>	<u>Offense Description</u>
Blank	All offenses
90A	Bad Checks
90B	Curfew/Loitering/Vagrancy Violation
90C	Disorderly Conduct
90D	Driving Under the Influence
90E	Drunkenness
90F	Family Offenses, Nonviolent
90G	Liquor Law Violations
90H	Peeping Tom
90I	Runaway
90J	Trespass of Real Property
90Z	All Other Offenses

F. STATE SELECTION

The record selection can be limited to select specific state(s). Up to 5 two-character state abbreviations can be specified. If no specific state is requested, all states will be included.

S T A T E . A B B R E V I A T I O N S

AK = Alaska	MS = Mississippi
AL = Alabama	MT = Montana
AR = Arkansas	NB = Nebraska
AZ = Arizona	NC = North Carolina
CA = California	ND = North Dakota
CO = Colorado	NH = New Hampshire
CT = Connecticut	NJ = New Jersey
CZ = Canal Zone	NM = New Mexico
DC = District of Columbia	NV = Nevada
DE = Delaware	NY = New York
FL = Florida	OH = Ohio
GA = Georgia	OK = Oklahoma
GM = Guam	OR = Oregon
HI = Hawaii	PA = Pennsylvania
IA = Iowa	PR = Puerto Rico
ID = Idaho	RI = Rhode Island
IL = Illinois	SC = South Carolina
IN = Indiana	SD = South Dakota
KS = Kansas	TN = Tennessee
KY = Kentucky	TX = Texas
LA = Louisiana	UT = Utah
MA = Massachusetts	VA = Virginia
MD = Maryland	VT = Vermont
ME = Maine	WA = Washington
MI = Michigan	WI = Wisconsin
MN = Minnesota	WV = West Virginia
MO = Missouri	WY = Wyoming

G. POPULATION GROUP SELECTION

The record selection can be limited to select specific population group(s). Up to 5 two-character groups can be specified. If no specific population group is requested, all groups will be included.

If groups 1A, 1B, and 1C are wanted, either request all three, or request 01. This will cause all three subgroups to be selected and reduces the maximum selections by one. The same applies to groups 01-07, 8A-8E and 9A-9E.

GROUP POPULATION CODES

00 = Territories (Guam, etc.)

01 = Includes 1A, 1B, 1C

1A = 1,000,000 OR OVER

1B = 500,000-999,999

1C = 250,000-499,999

02 = 100,000-249,999

03 = 50,000-99,999

04 = 25,000-49,999

05 = 10,000-24,999

06 = 2,500-9,999

07 = UNDER 2,500

08 = Includes 8A through 8E

8A = NON-MSA OVER 99,999

8B = NON-MSA 25,000-99,999

8C = NON-MSA 10,000-24,999

8D = NON-MSA UNDER 10,000

8E = NON-MSA STATE POLICE

09 = Includes 9A through 9E

9A = MSA OVER 99,999

9B = MSA 25,000-99,999

9C = MSA 10,000-24,999

9D = MSA UNDER 10,000

9E = MSA STATE POLICE

17 = Includes 01 through 07

NOTICE

Requests for master file records not falling within the above options will be assessed an additional processing fee. The FBI UCR will provide total costs based upon the specific request prior to your receiving the data.

3. OVERVIEW OF RECORD SEGMENTS

A UCR originating agency identifier (ORI) Batch Header record, identified as Segment Level "Bx," is always the first record of all "record sets" for a particular UCR ORI. This record is significant in that it identifies the start of a new UCR ORI and also contains descriptive information about the ORI.

Each Batch Header is followed by available incident data after eliminating data falling outside any requested filter options. All data records following the Batch Header belong to the ORI of the Batch Header. The Batch Header record can be followed immediately by another Batch Header, which means there was no incident data for the UCR ORI or none was written based on any filter options selected.

Each incident "record set" has an ORI and Incident Number that together make an incident unique from all others. There may be incidents following the Batch Header that have a different ORI, but these should be considered part of the Batch Header in which they follow. Although positions 1-7 of the ORI will be identical in such instances, positions 8-9 can be different from the Batch Header's ORI in the same positions. Again, all data records following a Batch Header belong to the ORI of the Batch Header.

BATCH HEADER

This Segment Level provides descriptive information about the ORI such as population, judicial district, etc. All incident data that satisfies any requested filter options follow this record. The presence of this record indicates (1) the beginning of a different ORI and (2) that no more incident data exists for the previous Batch Header (assuming it's not the first record on the magnetic media).

<u>LEVEL</u>	<u>DESCRIPTION</u>
BH	BATCH HEADER

As stated above, this record identifies certain attributes about the UCR ORI. It will always be the first record and will be followed by any crime data for Segment Levels 01 through 07, W1, W3, and W6.

B1-B2-B3 Same data as BH, except the BH is broken up into three fixed-length records. If your request was for fixed-length records, instead of the BH there will be three "Bx" records.

GROUP "A" INCIDENT REPORT IS MADE UP OF MULTIPLE "SEGMENTS"

Each Group "A" Incident Report can contain up to six distinct records, each of which is referred to as a "Segment." An incident report may consist of many possible combinations of circumstances ranging from a simple one administrative, offense, victim, and offender situation, to a complex set of multiple offenses, property losses, victims, offenders, and arrestees. In addition, each of the victims may not be involved in each of the offenses. In other words, one, some, or all of the victims may be connected to each applicable offense.

The following sections will provide more detail as to what data are included within the various segments.

GROUP "A" INCIDENT REPORT SEGMENT LEVELS

There are six SEGMENT LEVELS within a Group "A" Incident Report. Position "5" of each record [Segment] will contain one of the following SEGMENT LEVEL codes (01-06) to indicate what kind of segment is being submitted. A brief description of each Segment Level follows:

<u>LEVEL</u>	<u>DESCRIPTION</u>
01	ADMINISTRATIVE SEGMENT Provides administrative information regarding the overall incident.
02	OFFENSE SEGMENT(S) Provides information about the UCR Offense(s) involved in the incident.

12/18/95

<u>LEVEL</u>	<u>DESCRIPTION</u>
03	PROPERTY SEGMENT(S) Provides information about the various types of property losses, etc. involved in the incident.
04	VICTIM SEGMENT(S) Provides information about the victim(s) involved in the incident.
05	OFFENDER SEGMENT(S) Provides information about the offender(s) involved in the incident.
06	ARRESTEE SEGMENT(S) Provides information about the arrestee(s) involved in the incident.

GROUP "B" ARREST REPORT SEGMENT LEVEL

This Segment Level is for Group "B" offenses only. A Group "B" Arrest Report is present for each arrestee in a Group "B" offense.

<u>LEVEL</u>	<u>DESCRIPTION</u>
07	GROUP "B" ARREST REPORT(S) Provides data for arrests involving Group "B" offenses (e.g., Peeping Tom).

WINDOW SEGMENT LEVELS

These Segment Levels reflect data in which the complete Group "A" Incident Report was not submitted to the FBI; rather, only a portion of the incident was submitted. One reason that would generate a window submission to the FBI is if a summary-based agency converted over to incident-based reporting and, say, an arrest was subsequently made. Only the arrest would be submitted.

Instructions have been established that require submission to the FBI of window segments if the incident date occurred prior to the date the agency was officially submitting NIBRS data to the state. Rules have been established for submission of exceptional clearances, recovered property, and arrests for incidents no longer maintained by the local agency.

<u>LEVEL</u>	<u>DESCRIPTION</u>
--------------	--------------------

W1	EXCEPTIONAL CLEARANCE
-----------	------------------------------

Same data elements as Segment Level 01 plus up to 10 Group "A" offenses associated with the incident.

W3	RECOVERED PROPERTY(S)
-----------	------------------------------

Same data elements as Segment Level 03 plus up to 10 Group "A" property offenses associated with the incident.

W6	ARREST(S)
-----------	------------------

Same data elements as Segment Level 06 plus up to 10 Group "A" offenses associated with the incident.

4. SEQUENCE OF RECORD SEGMENTS

All records are in ascending order by numeric state code. All Batch Header records for a numeric state code are in ascending order by ORI. Incident "record sets" following a Batch Header record will have the same seven positions of the Batch Header's ORI, but may not be in ascending sequence by its 9-character ORI since the last two positions may be different.

Incident "record sets" within an ORI are not in order because the Incident Number is encrypted prior to writing it to tape. All record segments within an incident "record set" have the same incident number and are in ascending order by Segment Level (e.g., 01, 02, 03, 04, etc.). Segment Levels that can have multiple segments are further ordered in ascending sequence by their offense code, property loss code/property description code, victim sequence number, offender sequence number, or arrest date.

Set forth below is an example to illustrate the order of records on the magnetic media:

EXAMPLE OF SEGMENT ORDER

<u>State</u>	<u>ORI</u>	<u>Incident</u>	<u>Level</u>	<u>Sequence</u>
14	IA0010000	000000000000	BH	
14	IA00100KZ	94-333333	W6	19941231 (Arrest Date)
14	IA0010000	94-222	01	
14	IA0010000	94-222	02	100 (Offense
14	IA0010000	94-222	02	240 (Offense)
14	IA0010000	94-222	04	001 (Victim Seq. No.)
14	IA0010000	94-222	04	002 (Victim Seq. No.)
14	IA0010000	94-222	04	003 (Victim Seq. No.)
14	IA0010000	94-222	05	01 (Offender Seq. No.)
14	IA0010000	94-111	W3	518 (Recovered/Cash)
14	IA0020000	000000000000	BH	
51	HI0220000	000000000000	BH	
51	HI0220000	WBH50-TJE30	07	19940910 (Arrest Date)
51	HI0220000	94-B05	01	
51	HI0220000	94-B05	02	23D (Offense Code)
51	HI0220000	94-B05	03	518 (Recovered/Livestock)
51	HI0220000	94-B05	03	718 (Stolen/Livestock)
51	HI0220000	94-B05	03	720 (Stolen/Cash)
51	HI0220000	94-B05	04	001 (Victim Seq. No.)
51	HI0220000	94-B05	05	01 (Offender Seq. No.)
51	HI0220000	94-B05	06	19940501 (Arrest Date)
51	HI0220000	94-B05	06	19950731 (Arrest Date)

5. SEGMENT LEVELS

INTRODUCTION

The displacements shown in "Record Position" are relative to 1; that is, the first character following any 4-byte record descriptor word (RDW) is shown in position one. If the data requested is in variable-length format and the RDW is presented to the application program as part of the record, add "4" to each displacement for the actual position on the physical data record.

Industry standards for some programming languages sometimes differ on whether or not to present the RDW to the application program reading the records. For example, in Assembler Language Coding (ALC), the RDW is always presented, in COBOL it is not. Displacements shown in this document do not reflect the RDW as part of the record.

There are 53 data elements associated with a NIBRS incident. When applicable, the data element number is shown to provide traceability back to any NIBRS document that references data by this number.

Data is written in EBCDIC.

Data fields not present will be set to blanks.

VARIABLE-LENGTH SEGMENTS

Each Segment Level has its own length and will be the length shown in the last "Record Position" displacement for that Segment Level. Add "4" bytes to account for the physical presence of the RDW.

FIXED-LENGTH SEGMENTS

Each Segment Level's length is 132 bytes and will be padded with trailing blanks as necessary. The longest variable-length Segment Level is the Property Segment which is 132 characters and the shortest is the Offender Segment which is 39 characters.

LEVEL "BH" — BATCH HEADER SEGMENT

DATA

<u>FLD.</u> <u>NUM.</u>	<u>RECORD</u> <u>POSITION</u>	<u>DATA</u> <u>LEN</u>	<u>DESCRIPTION</u>
	1-2	A2	<u>SEGMENT LEVEL</u>

Designates this as the Batch Header.

C o d e : BH

3-4	N2	<u>NUMERIC STATE CODE</u>
-----	----	---------------------------

This is a two-digit value assigned to the state and is used to place the records in order by this value for FBI purposes. The codes are presented in state abbreviation order.

C o d e s :

50 = AK-Alaska
01 = AL-Alabama
03 = AR-Arkansas
54 = AS-American Samoa
02 = AZ-Arizona
04 = CA-California
05 = CO-Colorado
06 = CT-Connecticut

DESCRIPTION

93-96

A4

JUDICIAL DISTRICT

This is the code of the judicial district in which the agency is located. It is a three-digit numeric code followed by a letter which designates the region within the state.

C o d e s :

nnnN = Northern
nnnS = Southern
nnnE = Eastern
nnnW = Western
nnnM = Middle
nnnC = Central
nnnA = Entire State

97

A1

AGENCY NIBRS FLAG

This designates whether the ORI in a state is an active NIBRS agency or does not yet participate.

C o d e :

Blank = Does not yet participate
A = Active

98-105

A8

AGENCY INACTIVE DATE

This is the date that the agency stopped submitting either NIBRS or Summary-Based data directly to the FBI. The Covered-By ORI is now submitting for this agency.

Format: YYYYMMDD

12/18/95

<u>DATA FLD. NUM.</u>	<u>RECORD POSITION</u>	<u>DATA LEN</u>	<u>DESCRIPTION</u>
	106-225	A120	<u>FIVE-COUNTY POPULATION COVERAGE</u> Some agencies are in as many as five different counties.

NOTE: Positions 106-129 occurs 5 times and redefines 106-225

106-114	N9	<u>CURRENT POPULATION</u>	(#1)	This is the population for the agency or the population of the portion of the agency which is located in the county.
115-117	A3	<u>UCR COUNTY CODE</u>	(#1)	This is the UCR county code for the agency or the UCR county code of the portion of the agency which is located in the county. The FIPS county code equivalent is in positions 270-272.
118-120	A3	<u>MSA CODE</u>	(#1)	This is the code of the metropolitan statistical area (MSI) in which the agency is located.
121-129	N9	<u>LAST POPULATION</u>	(#1)	This is the population of the agency in the previous census.
130-138	N9	<u>CURRENT POPULATION</u>	(#2)	
139-141	A3	<u>UCR COUNTY CODE</u>	(#2)	
142-144	A3	<u>MSA CODE</u>	(#2)	
145-153	N9	<u>LAST POPULATION</u>	(#2)	
154-162	N9	<u>CURRENT POPULATION</u>	(#3)	
163-165	A3	<u>UCR COUNTY CODE</u>	(#3)	
166-168	A3	<u>MSA CODE</u>	(#3)	
169-177	N9	<u>LAST POPULATION</u>	(#3)	

12/18/95

<u>DATA FLD. NUM.</u>	<u>RECORD POSITION</u>	<u>DATA LEN</u>	<u>DESCRIPTION</u>	
	178-186	N9	<u>CURRENT POPULATION</u>	(#4)
	187-189	A3	<u>UCR COUNTY CODE</u>	(#4)
	190-192	A3	<u>MSA CODE</u>	(#4)
	193-201	N9	<u>LAST POPULATION</u>	(#4)

	202-210	N9	<u>CURRENT POPULATION</u>	(#5)
	211-213	A3	<u>UCR COUNTY CODE</u>	(#5)
	214-216	A3	<u>MSA CODE</u>	(#5)
	217-225	N9	<u>LAST POPULATION</u>	(#5)

	226-227	A2	<u>01-06-12 INDICATOR</u>	
--	---------	----	---------------------------	--

This is used by UCR to indicate if the agency has submitted data for 12 months, for 6 or more months, or for 1 or more months. Reports can then be generated to include only those agencies meeting the designated reporting time period.

C o d e s :

Blanks = no months reported
 01 = 1 or more months reported
 06 = 6 or more months reported
 12 = 12 months reported

	228-229	A2	<u>NUMBER OF MONTHS REPORTED</u>	
--	---------	----	----------------------------------	--

This is similar to the 01-06-12 indicator above except that this field contains the exact number of months reported.

Value: 00 through 12

	230-233	A4	<u>MASTER FILE YEAR</u>	
--	---------	----	-------------------------	--

This is the year of the NIBRS master file requested.

Format: YYYY

12/18/95

<u>DATA FLD. NUM.</u>	<u>RECORD POSITION</u>	<u>DATA LEN</u>	<u>DESCRIPTION</u>
	234-269	A36	<u>AGENCY ACTIVITY INDICATORS</u>

Submission activity for each of the twelve months are reflected in each of the three-byte monthly flags as described. The first occurrence is January, the second is February, etc.

"Activity" does not guarantee the presence of incidents following the Batch Header but the probability of not having incidents would be extremely low. For example, assume agency "X" submitted a single incident for a month. Then the following month this incident was deleted from the file because it was unfounded. Since there had been activity, the flag will remain "Y" to show this important fact.

NOTE: Positions 234-236 occurs 12 times and redefines 234-269

234-236	A3	<u>JANUARY</u>
234	A1	"Y" = Zero-Report was submitted.
235	A1	"Y" = Group "A" or "B" was submitted.
236	A1	"Y" = Window record was submitted.
237-239	A3	<u>FEBRUARY</u>
240-242	A3	<u>MARCH</u>
243-245	A3	<u>APRIL</u>
246-248	A3	<u>MAY</u>
249-251	A3	<u>JUNE</u>
252-254	A3	<u>JULY</u>
255-257	A3	<u>AUGUST</u>
258-260	A3	<u>SEPTEMBER</u>
261-263	A3	<u>OCTOBER</u>
264-266	A3	<u>NOVEMBER</u>
267-269	A3	<u>DECEMBER</u>

12/18/95

<u>DATA</u> <u>FLD.</u> <u>NUM.</u>	<u>RECORD</u> <u>POSITION</u>	<u>DATA</u> <u>LEN</u>	<u>DESCRIPTION</u>
	270-284	A15	<u>FIPS COUNTY CODE</u>

The previous group field entitled "Five-County Population Coverage" in positions 106-225 contains four fields occurring five times, one of which is the UCR county code.

Each relative position of the UCR county code has a corresponding FIPS county code equivalent in the same relative position.

NOTE: Positions 270-272 occurs 5 times and redefines 270-284

270-272	A3	<u>FIPS COUNTY (#1)</u>
273-275	A3	<u>FIPS COUNTY (#2)</u>
276-278	A3	<u>FIPS COUNTY (#3)</u>
279-281	A3	<u>FIPS COUNTY (#4)</u>
282-284	A3	<u>FIPS COUNTY (#5)</u>

C o d e s :

047 = WORCHESTER COUNTY (in Maryland)
(UCR county code = 023)

...
...
...

Note:

Refer to Federal Information Processing Standards (FIPS) publication FIPS 55 containing the FIPS county codes to see what county name is represented by these codes.

LEVEL "B2" - BATCH HEADER SEGMENT (2 OF 3) FIXED-LENGTH

DATA FLD. NUM.	RECORD POSITION	DATA LEN	DESCRIPTION
	1-2	A2	<u>SEGMENT LEVEL</u> Designates this as the Batch Header. Refer to layout of "BH" for descriptions of each of the data fields. C o d e : B2
	3-4	N2	<u>NUMERIC STATE CODE</u> This is a two-digit value assigned to the state and is used to place the records in order by this value.
1	5-13	A9	<u>ORIGINATING AGENCY IDENTIFIER (ORI)</u> This identifies the agency that is authorized to report crime data to the FBI.
2	14-25	A12	<u>INCIDENT NUMBER</u> This field is set to binary zeros.
	26-121	A96	<u>FIVE-COUNTY POPULATION COVERAGE</u> Some agencies are in as many as five different counties. This field contains the first four counties, the fifth is located on the "B3" Batch Header.
NOTE: Positions 26-49 occurs 4 times and redefines 26-121			
	26-34	N9	<u>CURRENT POPULATION</u> (#1) This is the population for the agency or the population of the portion of the agency which is located in the county.

12/18/95

<u>DATA FLD. NUM.</u>	<u>RECORD POSITION</u>	<u>DATA LEN</u>	<u>DESCRIPTION</u>
	35-37	A3	<u>UCR COUNTY CODE</u> (#1) This is the UCR county code for the county or the UCR county code of the portion of the agency which is located in the county. The FIPS county code equivalent is in positions 94-96 in the "B3" Header Record.
	38-40	A3	<u>MSA CODE</u> (#1) This is the code of the metropolitan statistical area (MSI) in which the agency is located.
	41-49	N9	<u>LAST POPULATION</u> (#1) This is the population of the agency in the previous census.

Same as on "BH" Batch Header

109-132	A24	<u>F I L L E R B L A N K S</u>
---------	-----	----------------------------------

LEVEL "01" — ADMINISTRATIVE SEGMENT

and

LEVEL "W1" — WINDOW EXCEPTIONALLY CLEARED SEGMENT

<u>DATA FLD. NUM.</u>	<u>RECORD POSITION</u>	<u>DATA LEN</u>	<u>DESCRIPTION</u>
	1-2	A2	<u>SEGMENT LEVEL</u> Designates this as the Administrative Segment of the Group "A" Incident Report or a Window Clearance Segment. C o d e s : 01 = Administrative Segment W1 = Window Exceptional Clearance
	3-4	N2	<u>NUMERIC STATE CODE</u> This is a two-digit value assigned to the state and is used to place the records in order by this value.
1	5-13	A9	<u>ORIGINATING AGENCY IDENTIFIER (ORI)</u> This identifies the agency in which any reported crime data occurred.
2	14-25	A12	<u>INCIDENT NUMBER</u> This is a unique case number assigned to the incident by the agency; it links all segments together for the incident. No other incident submitted by the ORI has this same number. All incident numbers are encrypted by the FBI prior to being written to tape.

12/18/95

<u>DATA FLD. NUM.</u>	<u>RECORD POSITION</u>	<u>DATA LEN</u>	<u>DESCRIPTION</u>
3	26-33	A8	<u>INCIDENT DATE</u>

This is the date that the incident occurred. If unknown, this is the Report Date as indicated by the Report Date Indicator in position 34.

Format: YYYYMMDD

34	A1	<u>REPORT DATE INDICATOR</u>
----	----	------------------------------

If value is "R" = Report Date, the Incident Date is a Report Date. If blank, it is the Incident Date.

35-36	A2	<u>INCIDENT DATE HOUR</u>
-------	----	---------------------------

This is the military time "hour" that the crime occurred. If the crime occurred at exactly midnight, the Incident Date will reflect as if the time was one minute past midnight. In other words, midnight is considered the beginning of the day.

C o d e s :

Blank = Unknown time

00 = On or between midnight and 0059

01 = On or between 0100 and 0159

02 = On or between 0200 and 0259

...

...

23 = On or between 2300 and 2359

37-38	N2	<u>TOTAL OFFENSE SEGMENTS</u>
-------	----	-------------------------------

This is the number of Offense Segments (up to 10) in the Group "A" Incident Report.

12/18/95

<u>DATA FLD. NUM.</u>	<u>RECORD POSITION</u>	<u>DATA LEN</u>	<u>DESCRIPTION</u>
	39-41	N3	<u>TOTAL VICTIM SEGMENTS</u> This is the number of Victim Segments (up to 999) in the Group "A" Incident Report.
	42-43	N2	<u>TOTAL OFFENDER SEGMENTS</u> This is the number of Offender Segments (up to 99) in the Group "A" Incident Report.
	44-45	N2	<u>TOTAL ARRESTEE SEGMENTS</u> This is the number of Arrestee Segments (up to 99) in the Group "A" Incident Report.
	46-49	A4	<u>CITY SUBMISSION</u> This field is used by the FBI to identify those cities that submit directly to the FBI as a result of the state not having a NIBRS program.
4	50	A1	<u>CLEARED EXCEPTIONALLY</u> This indicates if the incident is cleared by nonarrest circumstances outside the control of law enforcement. If code is other than "N" = <u>Not Applicable</u> , the Exceptional Clearance Date applies.

C o d e s :

A = Death of Offender
B = Prosecution Declined (for other than lack of probable cause)
C = Extradition Denied
D = Victim Refused to Cooperate
E = Juvenile/No Custody
N = Not Applicable

12/18/95

<u>DATA FLD. NUM.</u>	<u>RECORD POSITION</u>	<u>DATA LEN</u>	<u>DESCRIPTION</u>

LEVEL "03" — PROPERTY SEGMENT

and

LEVEL "W3" — WINDOW RECOVERED PROPERTY SEGMENT

DATA

FLD. NUM.	RECORD POSITION	DATA LEN	DESCRIPTION
	1-2	A2	<u>SEGMENT LEVEL</u>

Designates this as the Property Segment of the Group "A" Incident Report or a Window Recovered Property Segment. This segment will be present only on property-type offenses as applicable.

C o d e s :

03 = Property Segment

W3 = Window Recovered Property Segment

	3-4	A2	<u>NUMERIC STATE CODE</u>
--	-----	----	----------------------------------

This is a two-digit value assigned to the state and is used to place the records in order by this value.

1	5-13	A9	<u>ORIGINATING AGENCY IDENTIFIER (ORI)</u>
---	------	----	---

This identifies the agency in which any reported crime data occurred.

2	14-25	A12	<u>INCIDENT NUMBER</u>
---	-------	-----	-------------------------------

This is a unique case number assigned to the incident by the agency; it links all segments together for the incident. No other incident submitted by the ORI has this same number. All incident numbers are encrypted by the FBI prior to being written to tape.

<u>DATA FLD. NUM.</u>	<u>RECORD POSITION</u>	<u>DATA LEN</u>	<u>DESCRIPTION</u>
3	26-33	A8	<u>INCIDENT DATE</u>

This is the same date value from the Administrative Segment.

Format: YYYYMMDD

14-22 PROPERTY SEGMENT DATA ELEMENTS

O v e r v i e w

Up to 10 Property Description Codes can be present for each type of loss/etc. selected under Data Element 14 (Type Property Loss/ Etc.), with each on a separate Property Segment. If more than 10 types of property are involved, the codes and values for the nine most valuable are present; then, "77" = Other has the remaining properties, along with their total value.

Property data entered into Data Elements 14 through 22 will include the TOTAL losses, recoveries, seizures, etc., for all the VICTIMS in this incident.

If Type Property Loss/Etc. is "1" = None or "8" = Unknown, Data Elements 15-22 will be blank unless "1" = None was entered and the offense is 35A, then Data Element 20 (Suspected Drug Type) will be present.

14	34	A1	<u>TYPE PROPERTY LOSS/ETC.</u>
----	----	----	--------------------------------

C o d e s :

- 1 = None
- 2 = Burned
- 3 = Counterfeited/Forged
- 4 = Destroyed/Damaged/Vandalized
- 5 = Recovered
- 6 = Seized
- 7 = Stolen/Etc.
(includes bribed, defrauded,
embezzled, extorted, ransomed,
robbed, etc.)
- 8 = Unknown

12/18/95

<u>DATA FLD. NUM.</u>	<u>RECORD POSITION</u>	<u>DATA LEN</u>	<u>DESCRIPTION</u>
15	35-36	A2	<u>PROPERTY DESCRIPTION</u>

This code describes the types of property involved.

C o d e s :

01 = Aircraft	22 = Nonnegotiable Instruments
02 = Alcohol	23 = Office-Type Equipment
03 = Automobiles	24 = Other Motor Vehicles
04 = Bicycles	25 = Purses/Handbags/Wallets
05 = Buses	26 = Radios/TVs/VCRs
06 = Clothes/Furs	27 = Recordings-Audio/Visual
07 = Computer Hardware/ Software	28 = Recreational Vehicles
08 = Consumable Goods	29 = Structures-Single Occupancy Dwellings
09 = Credit/Debit Cards	30 = Structures-Other Dwellings
10 = Drugs/Narcotics	31 = Structures - Commercial/ Business
11 = Drug/Narcotic Equip.	32 = Structures - Industrial/ Manufacturing
12 = Farm Equipment	33 = Structures Public/ Community
13 = Firearms	34 = Structures-Storage
14 = Gambling Equipment	35 = Structures-Other
15 = Heavy Construction/ Industrial Equipment	36 = Tools-Power/Hand
16 = Household Goods	37 = Trucks
17 = Jewelry/Precious Metals	38 = Vehicle Parts/Accessories
18 = Livestock	39 = Watercraft
19 = Merchandise	
20 = Money	
21 = Negotiable Instruments	
77 = Other	
88 = Pending Inventory (of Property)	

The agency has not yet resubmitted the Group "A" Incident Report with an itemized list of the property involved.

99 = Special Category

Will be used by the FBI to compile statistics on certain types of property, e.g., "CB" radios, which are the object of current theft fads.

12/18/95

<u>DATA FLD. NUM.</u>	<u>RECORD POSITION</u>	<u>DATA LEN</u>	<u>DESCRIPTION</u>
16	37-45	A9	<u>VALUE OF PROPERTY</u>

If the value of the property is unknown, the value will be one ("1") dollar.

The value will be blanks when the offense is Drug/Narcotic Violations (UCR Code 35A) and "6" = Seized for Data Element 14 (Type Property Loss/Etc.) and "10" = Drugs/Narcotics for Data Element 15 (Property Description) are present. Instead, Data Elements 20-22 would be present.

A property value for "10" = Drugs / Narcotics would, however, be present if this property applies to other offenses (e.g., Arson, Burglary, etc.). Data Elements 20-22 would then be left blank.

17	46-53	A8	<u>DATE RECOVERED</u>
----	-------	----	-----------------------

This is the date that the property item was recovered. This will be present ONLY if Data Element 14 (Type Property Loss/Etc.) is "5" = Recovered.

Format: YYYYMMDD

18-19 STOLEN/RECOVERED MOTOR VEHICLES

O v e r v i e w

If motor vehicles (Codes 03, 05, 24, 28, or 37) were stolen and/or recovered, Data Elements 18 and/or 19, as applicable, will show the number of vehicles involved.

Will be present only if Data Element 14 (Type Property Loss/Etc.) was "5" = Recovered or "7" = Stolen and the UCR Offense Code was 240 (Motor Vehicle Theft). If number is unknown, "00" will be present.

12/18/95

DATA FLD. NUM.	RECORD POSITION	DATA LEN	DESCRIPTION
18	54-55	A2	<u>NUMBER OF STOLEN MOTOR VEHICLES</u>
19	56-57	A2	<u>NUMBER OF RECOVERED MOTOR VEHICLES</u>

20-22 DRUG INVOLVEMENT DATA

Overview

Will be present only if: the offense is Drug/Narcotic Violation (UCR Code 35A), "6" = Seized is present in Data Element 14 (Type Property Loss/Etc.), and "10" = Drugs/Narcotics is present in Data Element 15 (Property Description). The number of pounds, grams, items, etc. of the drug/narcotic will be in Data Element 21 (Estimated Drug Quantity). If Data Element 22 (Type Measurement) was not available at the time of the submission, "XX" = Not Reported will be present and "1" will be present in Data Element 21 (Estimated Quantity).

If "1" = None is present instead of "6" = Seized above, then Data Element 20 (Suspected Drug Type) should be present.

If more than three types of drugs are involved, the codes for the two most important along with "X" = Over 3 Drug Types for the remaining drugs will be present. In this instance, Data Elements 21 (Estimated Drug Quantity) and 22 (Type Drug Measurement) will be blank. Note that no entry is made into Data Element 16 (Value of Property) when the offense is "Drug/Narcotic Violation" (UCR Code 35A).

<u>DATA FLD. NUM.</u>	<u>RECORD POSITION</u>	<u>DATA LEN</u>	<u>DESCRIPTION</u>
34-35	84-123	A40	<u>RELATIONSHIP OF VICTIM TO OFFENDER</u>

O v e r v i e w

Data Elements 34 and 35 will be present only if one or more of the offenses entered into 24 (Victim Connected to UCR Offense Code[s]) is a "Crime Against Person," i.e., an Assault Offense (UCR Codes 13A-13C), Homicide Offense (09A-09C), Kidnaping / Abduction (100), Forcible Sex Offense (11A-11D), Nonforcible Sex Offense (36A-36B); or if it is a Robbery Offense (120).

The relationship(s) of the victim to each offender (up to 10 offenders involved in the incident) are present. If there are more than 10 offenders, the 10 closest in relationship will be present.

If Data Element 34 (Offender Sequence Number) is "00" (Unknown), the relationship code will be blank.

Each Offender (Sequence) Number (Data Element 36) is present in Data Element 34 (Offender Numbers to be Related). The appropriate Relationship Code is present in Data Element 35 (Relationships of Victim to Offenders).

NOTE: Positions 84-87 occurs 10 times and redefines 84-123
